I was able to find it. I will get Grier to send this out. Thanks. See you in September. If we need to coordinate before the meeting, just let me know.

Subject: Web Announcement - Neonics Labeling
Importance: High

Hi Steve: the announcement about the new labeling for the neonicotinoids finally is up on our web. It isn't located where we were told it would be, which is why I'm sending you this email. We were told it would be on the OPP Home Page, but it is located in a different section. Here is the link:

<http://www.epa.gov/pesticides/ecosystem/pollinator/risk-mgmt.html>

I was hoping you could pass this on to the AAPCO membership. Some of them will see it when the OPP Update goes out, but I feel badly that I gave the wrong information during the call yesterday.

Thank you very much for your help on this labeling. We really appreciate it (and we used the icon Charlie sent!).

Meredith

This Email message contained an attachment named
image001.jpg
which may be a computer program. This attached computer program could
contain a computer virus which could cause harm to EPA's computers,
network, and data. The attachment has been deleted.

This was done to limit the distribution of computer viruses introduced
into the EPA network. EPA is deleting all computer program attachments
sent from the Internet into the agency via Email.

If the message sender is known and the attachment was legitimate, you
should contact the sender and request that they rename the file name
extension and resend the Email with the renamed attachment. After
receiving the revised Email, containing the renamed attachment, you can
rename the file extension to its correct name.

For further information, please contact the EPA Call Center at
(866) 411-4EPA (4372). The TDD number is (866) 489-4900.
